

**Elaine Kunzler**  
**UT Southwestern Medical Center**  
**Dermatology Clinic**

Elaine is from Akron, OH and graduated with her Bachelors of Science from Youngstown State University, Youngstown, OH. She attends Northeast Ohio Medical University where she is studying to obtain her medical degree and plans on pursuing a dermatology residency. She is currently in the Clinical and Translational research fellowship at UT Southwestern, Department of Dermatology. She has been studying under Drs. Ben Chong and Heidi Jacobe with research projects focused on skin lupus and morphea. She is an advocate for access to healthcare for minorities and is an active member of the Asian Pacific American Medical Student Association. She enjoys spending time with her family, swimming, and rooting for the Cleveland Cavaliers!
