

TEAM CAPTAIN GUIDE FOR TEAM FUNDRAISING

We are so glad you decided to join us as a Team Captain for *Walk to End Lupus Now*[™]. Forming a team is a great way to support the Lupus Foundation of America's mission. You'll build comradery, develop leadership skills, promote health and wellness and offer your friends and family a fun way to support a good cause.

We encourage you to invite as many people as possible to join in the fun. Friends, family and co-workers are encouraged to join the team. Bigger teams are not just more fun, but they also fundraise more effectively. When you have more team members, your fundraising potential is even higher because more people are fundraising toward a common goal. You're all in it together. Set a goal of recruiting at least 10 walkers to your team.

As a Team Captain, you play a large role in your team's success. It is an important job, and we are here to help you make sure your team is successful and has a rewarding experience!

Walk to End Lupus Now

Our *Walk to End Lupus Now* events are conducted nationwide by the Lupus Foundation of America and its national network to raise money for lupus research, increase awareness of lupus, and rally public support for those who suffer from its brutal impact. Each year, thousands of people across the country join forces with the Lupus Foundation of America and walk with one unified purpose -to end lupus.

Walk to End Lupus Now events are noncompetitive and anyone can participate. Corporations, families, organizations and school groups build teams off fundraising participants. Participants raise funds by asking friends, relatives and co-workers to donate to their fundraising efforts.

Your Role as Team Captain

A successful team needs a strong captain. Serving as a Team Captain and rallying your friends and family around solving the cruel mystery of lupus is an important job and a valuable leadership experience. As a Team Captain, your job is to inspire your teammates to maximize their fundraising during the campaign.

You are responsible for recruiting and motivating your team. Communicate clearly with your Team Members and let them know exactly what you need them to do to reach your team's fundraising goal. Team Captains are also responsible if any walkers' donations need to be transferred to another walker. If a walker's donation needs to be transferred to another walker, send an email with name of the affected walker to Damiah Woodmore at damiah@lupusindiana.org.

About lupus

Lupus is one of the cruelest, most mysterious diseases on earth—an unpredictable and misunderstood autoimmune disease that ravages different parts of the body. It is difficult to diagnose, hard to live with and a challenge to treat.

Did You Know?

- An estimated 1.5 million Americans have lupus and ninety percent of the people with lupus are women; however, men and children also develop the disease.
- Research shows that nearly two-thirds of all Americans know little or nothing about lupus beyond the name.
- Despite the widespread prevalence of lupus, research has remained underfunded relative to its scope and devastation.
- Lupus is two to three times more common among African Americans, Hispanics/Latinos, Native American, and Asians— a disparity that remains unexplained.
- More than half of the people with lupus suffer four or more years and visit three or more doctors before receiving a correct diagnosis.
